Skills

- Java | JavaScript | React | Node | TypeScript | MongoDB | MYSQL | Workbench | Kotlin | Express | Golang | HTML | CSS | Bootstrap | Git
- OOP | MVC Architecture | MERN Stack | QA & Testing
- Frontend | Backend | Full-Stack | Mobile Application
- English, Sinhala – *All professional proficiency or above*

My Projects

- | | | |
|--|----------------------------------|--|
| Developer | <u>School LMS</u> | 11/2023 - Current |
| <ul style="list-style-type: none">• This application is currently developing for a Sri Lankan school using MERN stack. Currently we are at about 90% of the overall project.• We are using MUI for a better UI experience. MongoDB - Compass for database management and the Postman for testing.• For email authentication, we opt for Nodemailer, and when it comes to styling, we choose Tailwind CSS, deviating from the usual stacks. | | |
| Developer | <u>IEEE CS Website</u> | Computer Society, SLIIT 11/2023 - 01/2024 |
| <ul style="list-style-type: none">• We have developed this website for the Computer Society of SLIIT-Malabe university.• For this web project also, we used MERN stack as the development stack and for now, we implemented the frontend only. | | |
| Developer | <u>Care24</u> | 02/2023 - 06/2023 |
| <ul style="list-style-type: none">• This is an e-channeling and laboratory system created for a newly built private medical center located in the Dambulla area.• This was developed as our 2nd year 2nd semester project. Here also, we used the MERN stack to develop this web application. | | |
| Developer (Lead) | <u>Give-it</u> | 02/2023 - 06/2023 |
| <ul style="list-style-type: none">• This is a Charity Donative Android Mobile Application developed for the crisis situation that occurred in our country.• We have used Kotlin language, Google Authentication and Firebase DB for the developments and we used Android studio. | | |
| Developer (Lead) | <u>Online_Gaming_Site</u> | Admin Function 07/2022 - 11/2022 |
| <ul style="list-style-type: none">• This is a website we developed using the MVC architecture with OOP concepts. I have developed the admin function. | | |
| Developer (Lead) | <u>AppsyStore</u> | 02/2022 - 06/2022 |
| <ul style="list-style-type: none">• An App store with several categories created for our 1st year final project. Used PHP, JS and Bootstrap mainly for the developments. | | |

Education

- | | | | |
|---|-------------------------|---------------------------|--------------------------|
| Bachelor of Science Undergraduate | SLIIT University | Malabe, Sri Lanka. | 09/2021 - Current |
| <ul style="list-style-type: none">• In Information Technology (Specializing IT) - Currently : 03rd year 02nd semester. | | | |

Certifications

- **SLIIT EXTREME Hackathon 2.0 – 2nd place** - 12 hrs Coding Competition Organized by SLIIT IEEE Club (2023)
- **SLIIT DevQuest 2023** – Participation - 09 hrs Coding Competition (Hackathon) Organized by IEEE Sri Lanka Section, SLIIT and 99x.
- **Fundamentals of Cyber Security and Block-Chains** (Cybershield 2.0 by IEEE Computer Society-SLIIT) - Participation (2022)
- Completion of the **Microsoft Learn Student Ambassadors workshop** on **Introduction to Azure Cognitive Services** (2022)
- Participation of **Git Camp** organized by the Leo club of SLIIT (2022)
- IT certificate course (**Computer Science**)
- Finished **Graphic Designing** certificate course.
